Subject: Request for Training on "Nutrition and Diet Consulting Guided by Ayurvedic Principles"

Respected Registrar,

Greetings from Medigram Hospital, Saharanpur.

We are writing to explore the possibility of collaborating with Shobhit University for providing specialized training on the topic: "**Nutrition and Diet Consulting Guided by Ayurvedic Principles.**"

At Medigram Hospital, we are dedicated to offering holistic healthcare solutions to our patients. We recognize the growing importance of integrating Ayurvedic principles into nutrition and dietary practices for promoting better health outcomes. To achieve this, we seek your esteemed university's expertise in designing and delivering a training program that includes Core Concepts of Ayurvedic Nutrition, Customized Diet Planning and Practical Implementation.

We are confident that Shobhit University's knowledge and experience in this field will immensely benefit our healthcare professionals and enhance the quality of care we provide.

We kindly request you to evaluate our proposal and provide us with details regarding the training structure, duration, and associated costs. We look forward to collaborating with your esteemed institution to achieve our shared vision of improving health and wellness.

Thank you for considering our request.

Consultancy Project Completion Report

Nutrition and Diet Consulting Guided by Ayurvedic Principles

Training Project No: SUG/RO/ ADM/Consultancy/2022/01

Name of Project Coordinator Dr. Vikas Kumar Sharma
Department /Section: School of Ayurveda (KSVAMC&RC)

1. Total Payment Received(INR) : 1,400,000/-
2. Objective Achieved (Limited to 1000 Characters)

Through your consultancy services we have achieved the following objectives:

The objective of "Nutrition and Diet Consulting Guided by Ayurvedic Principles" is to provide personalized dietary recommendations based on Ayurvedic wisdom to promote health and prevent disease. Ayurveda emphasizes the balance of the three doshas—Vata, Pitta, and Kapha—and tailors nutrition to an individual's unique constitution, lifestyle, and seasonal needs. The approach aims to enhance digestion, detoxify the body, and support overall well-being through natural foods and herbs. By focusing on whole, organic, and locally sourced ingredients, Ayurvedic diet consulting helps address imbalances, manage chronic conditions, and boost immunity. The objective is achieved by offering customized meal plans, educating clients on mindful eating practices, and incorporating Ayurveda's holistic view of body, mind, and spirit. This method aims to optimize digestion, improve energy levels, and prevent lifestyle-related diseases, fostering long-term health and vitality.

Subject: Request for Training Services on "Integrated Pest Management Strategies for Sustainable Agricultural Practices"

Sir,

We, at Aiman Agro Products, Saharanpur, are dedicated to enhancing sustainable agricultural practices to meet the growing demands of eco-friendly farming. As part of this commitment, we are keen to seek specialized training from your esteemed university on the topic: "Integrated Pest Management Strategies for Sustainable Agricultural Practices."

We believe Shobhit University possesses the expertise and resources required to design and deliver effective training programs on this topic, including structured training sessions for practical and theoretical knowledge of pest management techniques, interactive workshops on implementing sustainable pest control methods, and customized modules addressing specific challenges in pest management.

We would be grateful if you could provide us with details regarding the training programs you offer, including the curriculum, duration, and associated costs. Additionally, we request guidance on the enrolment process and any prerequisites required for participation.

We are hopeful that a collaboration with Shobhit University will significantly benefit our efforts to adopt sustainable agricultural practices and enhance the skills of our team.

Looking forward to your positive response.

Yours sincerely,
Aiman Agro Products

Name of Project Coordinator Dr. Shivani

Department /Section: School of Agriculture and Environmental Sciences

1. Total Payment Received(INR) : 1,000,000/-

2. Objective Achieved (Limited to 1000 Characters)

Through your consultancy services we have achieved the following objectives:

The objective of "Integrated Pest Management (IPM) Strategies for Sustainable Agricultural Practices" is to develop eco-friendly and effective methods for controlling pests while minimizing environmental impact. IPM combines biological, cultural, physical, and chemical control methods to manage pest populations in a sustainable way. The goal is to reduce reliance on harmful chemical pesticides, protect beneficial organisms, and promote biodiversity. By monitoring pest activity, using resistant crop varieties, and implementing crop rotation and habitat management, IPM aims to maintain healthy ecosystems while ensuring crop productivity. The objective is achieved by incorporating local knowledge, technology, and research into farming practices, thus improving pest control efficiency, reducing costs, and promoting long-term agricultural sustainability. This approach helps farmers maintain environmental health, reduce pesticide resistance, and support food security while minimizing harm to the environment.

Subject: Request for Training Collaboration on “*Developing Effective Antimicrobial Stewardship Programs for Healthcare Setting*”

Respected Sir/Madam,

We, *Indian Herbs Specialities Pvt. Ltd.*, are committed to advancing healthcare delivery through effective pharmacy-based solutions. In line with this vision, we are reaching out to Shobhit University to seek your expertise for conducting **structured professional training** on the “**Design and Implementation of Medication Therapy Management (MTM) Programs**” for our team members and associated pharmacy professionals.

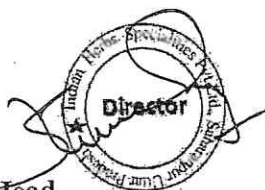

The core objectives of this collaboration would focus on:

- Developing competency in designing **Medication Therapy Management frameworks** for pharmacy setups.
- Equipping participants with practical knowledge to implement MTM programs for improving patient outcomes.
- Enabling standardized and scalable approaches for community pharmacy operations.

We believe that your esteemed institution, with its proven academic and technical proficiency, is well-positioned to deliver this training initiative. We kindly request your insights on the feasibility, scope, and structure of the proposed program to align with our organizational goals.

We look forward to forging this collaborative effort to bridge the gap between theoretical knowledge and practical implementation in pharmacy practice.

Yours sincerely,

Regional Head

Department /Section: School of Pharmacy (AVIPS)

1. Total Payment Received(INR) : 1,300,000/-
2. Objective Achieved (Limited to 1000 Characters)

Through your consultancy services we have achieved the following objectives:

The objective of "Design and Implementation of Medication Therapy Management (MTM) Programs in Community Pharmacies" is to optimize therapeutic outcomes for patients by providing comprehensive medication reviews and counseling. MTM programs aim to improve medication adherence, prevent adverse drug reactions, and ensure appropriate use of medications. In community pharmacies, this involves developing personalized care plans, monitoring drug therapy, and educating patients about their medications. The goal is to enhance patient safety, reduce healthcare costs, and improve overall health outcomes by identifying and resolving medication-related problems. The objective is achieved by training pharmacists in patient care techniques, using technology for medication tracking, and fostering collaboration with healthcare providers. This approach empowers patients, improves their understanding of medication regimens, and promotes proactive management of chronic conditions, thereby ensuring the effectiveness and safety of their treatments.

Developing Effective Antimicrobial Stewardship Programs for Healthcare Setting

Training Project No: SUG/RO/ ADM/Consultancy/2022/04

Name of Project Coordinator Dr. Garima Verma

Department /Section: School of Biological Engineering and Sciences

1. Total Payment Received(INR) : 1,500,000/-
2. Objective Achieved (Limited to 1000 Characters)

Through your consultancy services we have achieved the following objectives:

The objective of "Developing Effective Antimicrobial Stewardship Programs (ASPs) for Healthcare Settings" is to optimize the use of antimicrobial agents to improve patient outcomes, reduce resistance, and minimize adverse effects. ASPs focus on promoting the appropriate selection, dosage, and duration of antimicrobial therapy while preventing misuse and overuse. This involves implementing evidence-based guidelines, educating healthcare professionals, and monitoring antimicrobial prescribing patterns. The goal is to ensure that patients receive the right antibiotic at the right time, based on their specific infection and health condition. The objective is achieved through regular audits, feedback to clinicians, and ongoing training. By improving antimicrobial use, ASPs contribute to the reduction of healthcare-associated infections, combat antimicrobial resistance, and enhance patient safety, ensuring more effective and sustainable healthcare practices.
