Title of the Activity:	Judicial Reforms and Access to Justice
Date	27 – 31 July 2020
Coordinator of the activity	Dr. Usman Khan
Conducting Department	School of Law and Constitutional Studies
Total Number of the Participants	26
Venue	Seminar Hall
Purpose of the Activity	The purpose of the FDP on "Judicial Reforms and Access to Justice," held from July 27 – 31, 2020, was to provide participants with a comprehensive understanding of contemporary challenges and solutions in the judicial system. The program aimed to explore the need for judicial reforms to enhance the efficiency, transparency, and accessibility of the justice system. By engaging with experts and practitioners, attendees gained insights into effective reform strategies and innovative practices that could address barriers to justice and improve legal service delivery. The FDP sought to equip participants with the knowledge and tools necessary to contribute to ongoing reforms and advocate for a more equitable and effective judicial system. Ultimately, the program aimed to foster a more informed and proactive approach to addressing issues related to judicial efficiency and access to justice in their professional roles.
Resource Person(s)	Dr. A. Sharma, Dr. Ashok Gupta, Dr. Nirmala Joshi, Dr. Pritam Panwar, Mr. Aayu Singh, Ms. Gaurav Mehta, Ms. Neha, Ms. V. Kumar
Outcome of the Activity	The FDP provided participants with a comprehensive understanding of judicial reforms and strategies to enhance access to justice. They gained valuable insights into reform mechanisms and practical approaches, enabling them to contribute effectively to improving legal systems and access to justice.
Feedback:	Faculty members praised the FDP for its insightful discussions on judicial reforms and access to justice. The sessions were highly informative and practical, enhancing their understanding of current challenges and solutions in the legal system, and effectively contributing to their professional growth.

Report

Title of the Activity:	Criminal Justice and Criminology
Date	October 26 – 30, 2020
Coordinator of the activity	Dr. Usman Khan
Conducting Department	School of Law and Constitutional Studies
Total Number of the Participants	26
Venue	Seminar Hall
Purpose of the Activity	The purpose of the Faculty Development Program (FDP) on "Criminal Justice and Criminology," held from October 26 – 30, 2020, is to provide participants with a comprehensive understanding of the evolving field of criminal justice and criminology. This FDP aims to enhance knowledge about key aspects of criminal justice systems, criminological theories, and current issues in crime prevention and control. Featuring experts such as Dr. Imran Khan, Ms. Neha Rani, Mr. Shubham Sharma, Ms. Pallavi Jain, and Mr. Pawan Kumar, the program seeks to cover a wide range of topics including the structure and function of criminal justice systems, emerging trends in criminology, ethical considerations, and effective crime prevention strategies. The FDP also aims to foster a deeper understanding of how these elements interconnect within the broader context of law enforcement and legal frameworks. By providing insights from diverse perspectives, the program intends to equip participants with practical tools and theoretical knowledge to improve their teaching, research, and practice in the field of criminal justice and criminology.
Resource Person(s)	Dr. Imran Khan, Ms. Neha Rani, Mr. Shubham Sharma, Ms. Pallavi Jain, Mr. Pawan Kumar
Outcome of the Activity	Faculty members gained an in-depth understanding of criminal justice systems, criminological theories, and emerging trends. The FDP enhanced their ability to apply this knowledge in teaching and practice, fostering a more effective approach to crime prevention and justice administration.
Feedback:	The feedback highlighted the FDP's comprehensive coverage and engaging delivery by experts. Participants appreciated the practical insights, interactive sessions, and diverse perspectives, which significantly enhanced their understanding of criminal justice and criminology, contributing to their professional development.

Report

Title of the Activity:	Innovations in Drug Formulation and Delivery
Date	28/09/2020 to 30/09/2020
Coordinator of the activity	Mrs. Ritu Sharma
Conducting Department	School of Pharmacy
Total Number of the Participants	35
Venue	Seminar Hall
Purpose of the Activity	<ol style="list-style-type: none">1. Discuss the challenges and opportunities for advancement in drug delivery systems.2. To provide insights into developing the next generation of drug delivery technologies3. To explore interdisciplinary drug formulation and delivery approaches, integrating knowledge from different disciplines.4. To provide hands-on training and workshops to develop practical skills in formulation techniques, drug delivery systems, and analytical methods.5. To create a platform for participants to network with experts, fostering a community of learning and collaboration.
Resource Person	<ol style="list-style-type: none">1. Dr. Ranjit Singh, Professor & VC, Shobhit University: Expert in the Field.2. Title of the Activity:	Green Perspectives in Food Processing Sectors
Date	24/08/2020 to 28/08/2020
Coordinator of the activity	Dr. Shivani
Conducting Department	School of Agriculture and Environmental Sciences
Total Number of the Participants	29
Venue	Seminar Hall
Purpose of the Activity	<ol style="list-style-type: none">1. Provide comprehensive knowledge about organic farming principles, techniques, and certification processes.2. Familiarize participants with modern green technologies that enhance the sustainability and efficiency of organic farming.3. Promote the adoption of environmentally friendly practices in agricultural education and research.4. Encourage faculty to engage in research and innovation in organic farming and green technologies.5. Venue	Seminar Hall
Purpose of the Activity	FDP on Cybersecurity: Trends, Threats, and Defensive Strategies aims to equip educators and professionals with essential knowledge and skills to address contemporary cybersecurity challenges. This program covers current trends in cybersecurity, emerging threats, and effective defensive strategies to protect sensitive information and systems. Participants will learn about threat detection, risk assessment, incident response, and the implementation of robust security protocols. Through expert-led sessions, practical exercises, and case studies, the FDP seeks to enhance participants' ability to develop and teach comprehensive cybersecurity strategies, fostering a culture of security awareness and resilience in their institutions and professional environments.
Resource Person(s)	Mr. Vishesh Kumar (HCL Technologies); Dr. Edeh Michael Onyema, Coal City University, Nigeria; Mr. Rajiv Khandelwal (Coforge Limited); Dr. Ambuj Kumar Agarwal (Sharda University, Greater Noida); Dr. Steven Fernandes (Creighton University, USA – <i>Online</i>)
Outcome of the Activity	Participants gained a thorough understanding of current cybersecurity trends, emerging threats, and defensive strategies. They are now equipped with practical skills to develop, implement, and teach robust cybersecurity measures, enhancing security awareness and resilience in their professional environments.
Feedback	Faculty members found the FDP on Cybersecurity highly valuable, praising the detailed coverage of trends, threats, and defensive strategies. The practical exercises and expert insights significantly enhanced their ability to implement effective cybersecurity measures in their professional roles.

Report

Title of the Activity:	Alternative Dispute Resolution (ADR)
Date	February 02 – 06, 2021
Coordinator of the activity	Dr. Usman Khan
Conducting Department	School of Law and Constitutional Studies
Total Number of the Participants	43
Venue	Seminar Hall
Purpose of the Activity	The purpose of the Faculty Development Program (FDP) on "Alternative Dispute Resolution (ADR)," held from February 02 – 06, 2021, is to enhance participants' understanding and skills in various ADR mechanisms. This program is designed to equip legal educators, practitioners, and researchers with comprehensive knowledge of ADR techniques, including mediation, arbitration, and negotiation. The FDP aims to explore the theoretical foundations, practical applications, and current trends in ADR. By featuring a diverse group of experts such as Dr. Parantan Das, Dr. Shiva Modi, Ms. Pallavi Jain, and Mr. Pawan Kumar, the program provides valuable insights into the effectiveness and efficiency of ADR processes compared to traditional litigation. Participants will learn about the legal frameworks governing ADR, strategies for effective dispute resolution, and best practices for implementing ADR methods in various contexts. The program seeks to promote a deeper understanding of ADR's role in resolving conflicts and its impact on the legal profession. Overall, the FDP aims to foster a more informed and practical approach to ADR, enhancing participants' ability to teach, practice, and research alternative dispute resolution methods effectively.
Outcome of the Activity	Participants gained a thorough understanding of Alternative Dispute Resolution (ADR) methods, including mediation, arbitration, and negotiation. The FDP enhanced their ability to apply ADR techniques effectively, enriching their teaching and practice with practical insights from experts like Dr. Parantan Das and others.
Feedback:	Feedback for the FDP on ADR was highly positive, highlighting the program's comprehensive content and expert-led sessions. Participants appreciated the practical insights and interactive workshops, which enhanced their understanding and application of ADR techniques in real-world scenarios.

Report

Title of the Activity:	Software Engineering: Agile Development and DevOps Practices
Date	December 01 – 05, 2020
Coordinator of the activity	Dr. Varun Bansal
Conducting Department	School of Engineering & Technology
Total Number of the Participants	35
Venue	Seminar Hall
Purpose of the Activity	FDP on Software Engineering: Agile Development and DevOps Practices aims to provide educators and professionals with a comprehensive understanding of modern software development methodologies. This program will cover the principles and practices of Agile development, including Scrum and Kanban, as well as the integration of DevOps practices for continuous integration and continuous delivery (CI/CD). Participants will learn about effective project management, iterative development, and automation techniques that enhance collaboration and streamline development processes. Through expert-led sessions, practical workshops, and case studies, the FDP seeks to equip participants with the skills to teach and apply Agile and DevOps methodologies, fostering improved software development practices and project efficiency.
Resource Person(s)	Mr. Vishesh Kumar (HCL Technologies); Dr. Edeh Michael Onyema, Coal City University, Nigeria; Mr. Rajiv Khandelwal (Coforge Limited); Dr. Ambuj Kumar Agarwal (Sharda University, Greater Noida); Dr. Steven Fernandes (Creighton University, USA – <i>Online</i>)
Photographs	
Outcome of the Activity	Faculty members acquired practical skills in Agile development and DevOps practices, enhancing their ability to manage projects efficiently and implement continuous integration and delivery, leading to more effective software development and collaboration.
Feedback	Faculty members found the FDP on Software Engineering extremely beneficial. They appreciated the in-depth coverage of Agile and DevOps practices, and the practical workshops significantly improved their ability to teach and apply these modern development methodologies effectively.

Activity Report

Title of the Activity:	Microbiome Research and Applications
Date	14/06/2021 to 18/06/2021
Coordinator of the activity	Mr. Priyank Bharati
Conducting Department	SBES
Total Number of the Participants	40
Purpose of the Activity	<input type="checkbox"/> To provide participants with a comprehensive understanding of the human microbiome, its composition, and its role in health and disease. <input type="checkbox"/> To highlight recent advancements in microbiome research, including cutting-edge techniques and methodologies used to study microbial communities. <input type="checkbox"/> To discuss the implications of microbiome research in areas such as personalized medicine, nutrition, and disease prevention, emphasizing how microbiome modulation can improve health outcomes. <input type="checkbox"/> To encourage collaboration between researchers, clinicians, and industry professionals, facilitating knowledge exchange and innovative approaches to microbiome applications. <input type="checkbox"/> To identify current challenges and gaps in microbiome research, promoting discussions on future research directions and potential solutions.
Venue	Seminar hall
Resource Person	1. Prof. Samer Singh (Professor of Biotechnology, Banaras Hindu University) 2. Dr. Naveen Kumar, SBES, Shobhit University, Gangoh 3. Dr. Rajiv Dutta, SBES, Shobhit University, Gangoh
Outcome of the Activity	<input type="checkbox"/> Participants will gain a deeper understanding of the microbiome's role in health and disease, including its complexities and interactions with the human body.

	11. Dr. Shivani, Assistant Professor, School of Agriculture Engineering and Sciences, Shobhit University.
Outcome of the Activity	<ul style="list-style-type: none">• Enhanced Knowledge: Participants will gain a thorough understanding of the key policies and governance structures that impact agriculture, enabling them to effectively teach and advise on these topics.• Analytical Skills: Faculty members will develop enhanced skills in policy analysis and the ability to critically evaluate existing policies and suggest improvements.• Improved Governance Practices: Participants will learn about best practices in agricultural governance, leading to improved transparency, accountability, and efficiency in the institutions they influence.• Institutional Collaboration: Faculty will understand the roles and interactions of various institutions in agricultural policy-making and governance, fostering better collaboration and policy coherence.• Global and Local Integration: Participants will be able to integrate global policy perspectives with local agricultural practices, ensuring more comprehensive and effective policy implementation.• Policy Formulation and Implementation: Faculty members will gain practical insights into the processes of policy formulation and implementation, enabling them to contribute to the development of more effective agricultural policies.• Sustainability Focus: Participants will be equipped to advocate for and implement policies that promote sustainable agricultural practices, contributing to long-term food security and environmental protection.• Networking Opportunities: The program will provide opportunities for participants to network with policy experts, practitioners, and fellow educators, fostering a community of practice focused on policy and governance in agriculture.
Feedback:	Participants provided positive feedback on the program's content, organization, and delivery. Many expressed their intention to incorporate the best practices learned into their teaching and research activities. The FDP successfully achieved its objectives of enhancing knowledge and promoting sustainable practices in agro-ecology and biodiversity conservation.

Report

Title of the Activity:	Intellectual Property Rights (IPR)
Date	April 19 – 23, 2021
Coordinator of the activity	Dr. Preetam Panwar
Conducting Department	School of Law and Constitutional Studies
Total Number of the Participants	55
Venue	Seminar Hall
Purpose of the Activity	The Faculty Development Program (FDP) on "Intellectual Property Rights (IPR)," held from April 19 – 23, 2021, aims to deepen participants' understanding of the complex and evolving field of intellectual property. This program is designed to provide educators, researchers, and professionals with comprehensive knowledge about various aspects of IPR, including patents, copyrights, trademarks, and trade secrets. By featuring a diverse lineup of experts such as Dr. Imran Khan, Mr. Amir, Dr. Kuldeep Kumar, Mr. Subham Sharma, Mr. Gaurav Tyagi, and Dr. Pritam Panwar, the FDP seeks to address both foundational concepts and advanced topics in IPR. Participants will gain insights into legal frameworks, regulatory challenges, and practical strategies for managing intellectual property. The program also aims to enhance participants' ability to incorporate IPR principles into their teaching and research, thereby fostering a better understanding of how IPR impacts innovation, business, and legal practice. Overall, the FDP aims to equip participants with the skills and knowledge necessary to navigate the complexities of IPR, promote effective IP management, and contribute to the advancement of intellectual property law and practice.
Outcome of the Activity	The outcome of the FDP on Intellectual Property Rights (IPR), held from April 19 – 23, 2021, is that participants developed a robust understanding of key concepts and current issues in IPR. They gained practical insights into managing and protecting intellectual property, including patents, copyrights, trademarks, and trade secrets. Equipped with knowledge from expert speakers like Dr. Imran Khan, Mr. Amir, Dr. Kuldeep Kumar, Mr. Subham Sharma, Mr. Gaurav Tyagi, and Dr. Pritam Panwar, participants are now better prepared to address IPR challenges in their professional roles. The program enhanced their ability to integrate IPR principles into academic and research contexts, contributing to more effective IP management and a deeper understanding of the role of IPR in innovation and business.
Feedback:	The feedback for the FDP on Intellectual Property Rights (IPR), held from April 19 – 23, 2021, was highly positive. Participants appreciated the comprehensive coverage of IPR topics by experts such as Dr. Imran Khan, Mr. Amir, Dr. Kuldeep Kumar, Mr. Subham Sharma, Mr. Gaurav Tyagi, and Dr. Pritam Panwar. The sessions were engaging and informative, providing practical insights into managing and protecting intellectual property. Attendees valued the depth of knowledge shared and the relevance of the content to current IPR challenges. The interactive workshops and case studies were particularly well-received, enhancing their

Activity Report

Title of the Activity:	Genomics and Proteomics: Applications in Biotechnological Research
Date	06.04.2021 to 10.04.2021
Coordinator of the activity	Dr. Vinay Kumar
Conducting Department	SBES
Total Number of the Participants	SBES
Purpose of the Activity	FDP on Genomics and Proteomics: Applications in Biotechnological Research fostered the integration of genomics and proteomics into biotechnological research projects, enabling participants to utilize these technologies to address biological challenges and optimize biotechnological processes. FDP enabled participants to apply genomic and proteomic techniques in diverse biotechnological applications, including pharmaceutical development, agriculture, environmental sciences, and personalized medicine. It facilitated collaboration between genomics, proteomics, bioinformatics, and other disciplines, encouraging interdisciplinary approaches to solve complex biological problems and fostered innovation.
Venue	Seminar hall
Resource Person	<ol style="list-style-type: none">1. Prof. Samer Singh (Professor of Biotechnology, Banaras Hindu University)2. Dr. Naveen Kumar, SBES, Shobhit University, Gangoh3. Mrs. Sarita Sharma, SBES, Shobhit University, Gangoh
Outcome of the Activity	FDP on Genomics and Proteomics: Applications in Biotechnological enabled participants to acquire knowledge in high-throughput sequencing, genome assembly, transcriptomics, proteomics techniques, and data analysis methods relevant to biotechnology. Hands-on training and workshops equipped participants with practical skills in genomic and proteomic techniques, including DNA sequencing, RNA sequencing, mass spectrometry, and bioinformatics tools.

Report

Title of the Activity:	Naturopathic Approaches to Chronic Diseases
Date	29-03-2021 to 02-04-2021
Coordinator of the activity	Mr. Pradeep Sharma
Conducting Department	Kunwar Shekhar Vijendra Medical College of Naturopathy & Yogic Sciences
Total Number of the Participants	27
Venue	Seminar Hall
Purpose of the Activity	The objective of the Faculty Development Program (FDP) on Naturopathic Approaches to Chronic Diseases is to equip participants with a comprehensive understanding of holistic and evidence-based strategies for managing chronic health conditions. This program aims to explore the principles and practices of naturopathy, emphasizing its role in enhancing patient care and promoting wellness. Through a combination of lectures, workshops, and case studies, participants will gain insights into the underlying causes of chronic diseases and learn how to integrate naturopathic modalities—such as nutrition, herbal medicine, and lifestyle modifications—into traditional treatment plans. By fostering a collaborative learning environment, the FDP will encourage healthcare professionals to critically evaluate and apply these approaches in clinical settings, ultimately improving patient outcomes and quality of life. Participants will also engage in discussions about current research trends and the future of naturopathy in chronic disease management.
Resource Person(s)	Dr. Vikram Jain, Mr. Suresh Malhotra
Outcome of the Activity	The outcomes of the Faculty Development Program (FDP) on Naturopathic Approaches to Chronic Diseases will Enhance Knowledge: Participants will gain a thorough understanding of naturopathic principles and their applications in chronic disease management.
Feedback:	The Faculty Development Program on Naturopathic Approaches to Chronic Diseases provided an invaluable learning experience. The blend of lectures, hands-on workshops, and interactive discussions greatly enhanced our understanding of holistic practices. Participants appreciated the focus on evidence-based approaches, which strengthened our ability to integrate naturopathy into patient care. The networking opportunities fostered collaboration among professionals from diverse backgrounds, enriching our perspectives. Overall, the FDP successfully equipped us with practical skills and knowledge to improve chronic disease management, making it a highly beneficial initiative for all involved. Feedback indicates a strong desire for more such programs in the future.
